A note from Class 3...

We have had a busy few weeks in Class 3. Last Tuesday, a lot of our older children were called upon to chat to our special visitors; they represented themselves and our school impeccably and with great pride. Before that, we kicked off December in full festive spirit by spreading Christmas kindness around school. Each day, two children have been selected to make others around school smile with kind messages and chocolate coins. We have been designing our Christmas cards using buttons and Miss Tose handed out personalised recipe books to the winners of the 'Come dine with me' competition. We also loved practising for our Christmas concert and thoroughly enjoyed performing it for the rest of the school and our wider school family.

Coming up @ Crawford... 2023!

THANK you!

We would like to take this opportunity to say a huge thank you to Mrs Hogarth for all the incredible hard work that went into organising and running the Christmas shops for the children. We could not have done this without you.

We would also like to say a big thank you to all the members of our incredible PTA who have worked so hard this half-term, especially in the run up to Christmas.

If your child is in their last year of nursery you can now apply for their primary school place at:

https://www.lancashire.gov.uk/children-education-families/schools/apply-for-a-school-place/apply-online-for-a-school-place/

It's quick and easy - and you will receive email confirmation of your application.

You must apply even if you already have siblings in school.

If you live in Lancashire you can include out of area preferences on your online application.

If you do not live in Lancashire you should apply to the council that you pay your council tax to. The closing date is the same for all councils.

The closing date for primary reception applications for September 2023 is 23:59 on 15 January 2023.

DID YOU KNOW?

Why is Tahiti in the news?

Because of a new coral reef discovered just off the coast of the island...

...Unlike many other reefs, it is unharmed by climate change!

THE**DAY**
NEWS TO OPEN MINDS

The warming and pollution of the sea often cause bleaching of the coral reefs as they die. But the Tahitian reef is healthy!

Scientists think that it's because the reef is so deep underwater...

...It lies 70m below the surface and is made up of beautiful rose-shaped corals!
