

A few of our children from Year 4 and 5 have participated in a sports event at Burscough Sports Hall on Monday 21st January.

They participated in certain activities such as relay races, triple jump, long jump, soft javelin and other fun races against other schools in the local area. They had lots of fun and the challenges were exciting but slightly tricky. There were twelve schools in the whole sports event and all of them were against each other. They all tried very hard and used all their strength. It lasted from the start of the afternoon (1:00) to the end of the academic day (3:30).
