Crawford Village
Primary School & Nursery

What will we be learning?

- Order the months of the year and recognise seasons.
- Use clues in the school grounds to decode which season we are in and begin a season's journal – to be updated throughout the year.
- Explore how the weather affects different jobs.
- To investigate extreme wet weather.
- To investigate extreme hot weather events.

Key vocabulary

- **The months of the year**: January, February, March, April, May, June, July, August, September, October, November, December
- **Season**: a time of the year with a particular type of weather.
- **The 4 seasons**: autumn, winter, spring, summer.
- **Climate**: the general weather pattern of an area.
- **Climate change**: long term change in temperature and weather patterns.
- **Temperature**: how hot or cold it is.
- **Weather forecast**: explaining what the weather will be like.
- **Extreme weather**: any weather that doesn't happen often and is very different from the normal weather pattern of an area.

Extreme Weather

A weather forecast is a statement saying what the weather will be like today, the next day or for the next few days.
Weather forecasts use different symbols which are helpful.

☀	Sunny
⛅	Sunshine with cloud
☁	Cloudy
🌧	Raining
⚡	Thunder
💨	Windy
❄	Snow

United Kingdom

How many seasons are there in the UK?		Which 3 seasons are summer?		What month comes before August?		Which of these might you wear if it is raining?	
3		December, January, February		December		Sandals	
4		March, April, May		March		Wellington boots	
5		June, July, August		July		Sunglasses
